

## Multi-Skills Festival – Monday 23<sup>rd</sup> January 2017

Ten children from Year 3 and 4 were invited to attend this event at Kingdown School. When they got there, they were mixed up with the other schools that were attending and split into five groups. They participated in a range of different activities that included Cones and Dishes (+other fun games!); new age curling; basketball/netball shooting; trampolining and problem-solving games. Each event was organised and supervised by Kingdown Young Leaders who did an amazing job and ensured that everyone had a really enjoyable time. It turned out to be a fantastic morning - it is always great to have the opportunity to meet children from other schools. Our children were extremely well-behaved and enthusiastic about all the activities. Thanks again to Mrs Woodard and Mrs Jelfs for accompanying them. Have a look at the photographs below to see what they got up to.

**Well done to Iona, Leam, Cleveson, Jennifer, and Finlay (All Year 3) and Megan B-G, Joseph, Levi, Kiri and Erin (All Year 4)**
