

## Early Years Foundation Stage (EYFS) Policy

Date policy adopted: September 2016

Date for next review: September 2018

Foundation Stage Subject Leader and policy creator: Victoria Davies

The Early Years Foundation Stage (EYFS) applies to children from birth to the end of the Reception year. The children in St George's Roman Catholic Primary School join the Reception class in the academic year that they turn five years old. In partnership with parents and carers we enable the children to begin the process of becoming active learners for life.

We endeavour to ensure that children "learn and develop well and kept healthy and safe." We aim to support children in their learning through "teaching and experiences that gives children the broad range of skills that provide the right foundation for good progress through school and in life." (Statutory Framework for the EYFS 2012)

The Early Years Foundation Stage is based upon four principles:

- A unique child - developing resilient, capable, confident and self-assured individuals.
- Positive relationships - supporting the children in becoming strong and independent.
- Enabling environments - where opportunities and experiences respond to the individual needs of the child by developing a strong partnership between practitioners, parents/carers and the child.
- Learning and developing - An acknowledgement that children learn in different ways and at different rates.

### **A Unique Child**

We recognise that every child is a competent learner who can be resilient, capable, confident and self-assured. We recognise that children develop in individual ways, at varying rates. Children's attitudes and dispositions to learning are influenced by feedback from others; we use positive praise and encouragement, as well as celebration/ sharing assemblies and house points, to encourage children to develop a positive attitude to learning.

### **Inclusion/Special Educational Needs (SEN)**

All children and their families are valued in our school. Children are treated as individuals and have equal access to all provisions available. All children are encouraged to achieve their personal best and planning is adapted to meet the needs of all groups and abilities. Assessments take into account contributions from a range of perspectives to ensure that any child with potential special educational needs is identified at the earliest possible opportunity. Early identification of special needs is crucial to enable staff to support the development of each child. Concerns are always discussed with parents/carers at an early stage.

### **We meet the needs of all our children through:**

- Planning opportunities that build upon and extend children's knowledge, experience and interests, and develop their self-esteem and confidence;
- Using a wide range of teaching strategies based on children's learning needs;
- Providing a wide range of opportunities to motivate and support children and to help them to learn effectively;
- Providing a safe and supportive learning environment in which the contribution of all children is valued;
- Using resources which reflect diversity and are free from discrimination and stereotyping;
- Planning challenging activities for children whose ability and understanding are in advance of their language and communication skills;
- Monitoring children's progress and taking action to provide support as necessary.

### **Welfare**

It is important to us that all children in our school are 'safe'. We aim to educate children on boundaries, rules and limits and to help them understand why they exist. We provide children with choices to help them develop this important life skill. Children should be allowed to take risks, but need to be taught how to recognise and avoid hazards. We aim to protect the physical and psychological well-being of all our children.

"Children learn best when they are healthy, safe and secure, when their individual needs are met and when they have positive relationships with the adults caring for them."

At our schools we understand that we are legally required to comply with certain welfare requirements as stated in the Statutory Framework for Early Years Foundation Stage 2012. We understand that we are required to:

- promote the welfare and safeguarding of children.
- promote good health, preventing the spread of infection and taking appropriate action when children are ill.
- manage behaviour effectively in a manner appropriate for the children's stage of development and individual needs.
- ensure all adults who look after the children or who have unsupervised access to them are suitable to do so.
- ensure that the premises, furniture and equipment is safe and suitable for purpose
- ensure that every child receives enjoyable and challenging learning and development experiences tailored to meet their needs.
- maintain records, policies and procedures required for safe efficient management of the setting and to meet the needs of the children.

## **Positive Relationships**

St George's Roman Catholic Primary School recognises that children learn to be strong and independent from secure relationships. We aim to develop caring, respectful, professional relationships with the children and their families.

### **Parents as Partners**

We recognise that parents are children's first and most enduring educators and we value the contribution they make. We recognise the role that parents have played, and their future role, in educating the children. We do this through:

- An information event for parents in June/ July where they receive information about what to expect when their child starts at the school, it also highlights school start and finish times, uniform and informs the parents of the schools vision and aims.
- Asking parents to sign permission slips for visits out of school, photographs of their child for assessment purposes and using the internet at school.
- Encouraging parents to talk to their child's teacher if there are concerns.
- Inviting parents to attend informal meetings providing information about other areas of the curriculum, e.g. Early Reading, Maths and Phonics.
- Ensuring children have the opportunity to spend time with their teacher before starting school during taster sessions.
- There is a formal meeting for parents twice a year at which the teacher and the parent discuss the child's progress with the teacher. Parents receive a report on their child's attainment and progress at the end of each school year.
- Organising a range of activities throughout the year that encourage collaboration between child, school and parents / carers: topic related activities, class assemblies, Sports Day etc;
- Inviting parents/carers to make comments through 'WOW' slips.
- Written contact through reading diaries.

All staff involved with the EYFS aim to develop good relationships with all children, interacting positively with them and taking time to listen to them. At our school, the EYFS teachers with the EYFS TA act as a 'Key Person' to all children in EYFS. We have good links with the feeder preschools. Regular visits are undertaken by the EYFS teacher.

Staff and children from the preschools are regularly invited to school events (Open Days, Masses, Worships, Assemblies, and Christmas Productions etc).

## **Enabling Environments**

We aim to create an attractive and stimulating learning environment where children feel confident and secure and challenged. The children have daily access to an indoor and outdoor environment that is set up in discrete areas of learning with planned continuous provision.

Effective learning builds and extends upon prior learning and following children's interest. Effective planning is informed by observations of the children to ensure we follow their current interests and experiences.

Play based learning is paramount and children direct their own learning from carefully planned opportunities provided by staff. Staff will enhance play and extend as needed to further individual learning.

## **Learning and Development**

Teachers and early years support staff provide the curriculum in the Reception class of up to 30 children.

There are seven areas of learning and development of which three are "prime areas," and four "specific areas."

### **The prime areas**

- Communication and language
- Physical development
- Personal, social and emotional development.

### **The specific areas**

- Literacy
- Mathematics
- Understanding of the world
- Expressive arts and design

Through careful assessments and observations, including information provided by parents and other settings, children's development levels are assessed. The balance will shift towards a more equal focus on all areas of learning as children grow in confidence and ability within the three prime areas. However, if a child's progress in any prime area gives cause for concern, staff will discuss this with the child's parents and/or carers and agree how to support the child.

Planned and guided children's activities will reflect on the different ways that children learn. We support children in using the three characteristics of effective teaching and learning. These are;

- **Playing and Exploring** - children investigate and experience things, and 'have a go';
- **Active learning** - children concentrate and keep on trying if they encounter difficulties, and enjoy achievements; and
- **Creating and thinking critically** - children have and develop their own ideas, make links between ideas, and develop strategies for doing things.

(Taken from statutory framework for the EYFS 2012)

**Religious Education** - St George's Roman Catholic Primary School follows 'The way, the truth and the life'.

**PSHE** is also taught in the reception classes following SEAL guidelines.

### **Equal Opportunities**

All members of the school are treated as individuals. We aim to meet the needs of all, taking account of gender, ability, ethnicity, culture, religion, language, special educational needs, disability, and social circumstances. All staff are aware of the need for the curriculum to reflect cultural diversity and the need to prepare pupils for life in a diverse society.

### **Health and Safety**

- Fresh drinking water is available at all times.
- Children's' dietary needs are recorded and acted upon when required.
- Milk (until the child's fifth birthday) and fruit are available during the morning session.
- A first aider is accessible at all times and a record of accidents and injuries is kept.
- A fire and emergency evacuation procedures are taught to the children early in September.
- We have a safeguarding policy stating how mobile phones and cameras are to be used and stored securely whilst children are in the setting.

### **The Learning Environment**

The EYFS classroom is organised to allow children to explore and learn securely and safely. There are areas where the children can be active or take things more quietly. The classroom covers all learning areas, where children are able to find and located equipment and resources independently. In the Federation each EYFS class has its own large enclosed outdoor area.

This has a positive effect on the children's development. Being outdoors offers opportunities for doing things in different ways and on different scales than when indoors. It offers the children the ability to explore, use their senses and be physically active and exuberant. We plan activities and resources for the children to access outdoors that help the children to develop in all areas of learning.

## **Transition**

### **From Pre-school/Feeder settings**

During the summer term prior to a child's entry into the Reception year, the following procedures have been put into place to ensure successful transition

- Parents are invited to a meeting to ensure they know about school procedures and to express any concerns they may have about their child starting school. Individual meetings with the class teacher can be arranged if appropriate at this time.

- The children are invited to 2 visits in the summer term to their reception class.

During the last few weeks of the summer term the whole school has a 'move up day' when the new children are invited into school for a morning without parents or preschool support.

- The Early Years teacher from the school makes links to feeder settings. The number of meetings/visits will depend on the child's needs and how much information gathering is required in order to support the child's transition.

### **From Reception Class to Key Stage 1**

During the final term in Reception, the EYFS Profile is completed for each child. The Profile provides parents and carers, staff and teachers with a well-rounded picture of a child's knowledge, understanding and abilities, their progress against expected levels, and their readiness for Year 1.

The Profile includes on-going observation, all relevant records held by the setting, discussions with parents and carers, and any other adults whom the teacher, parent or carer judges can offer a useful contribution.

Each child's level of development is assessed against the early learning goals. The profile indicates whether children are meeting expected levels of development, or if they are exceeding expected levels, or not yet reaching expected levels ('emerging').

Year 1 teachers are given a copy of the Profile report together with a short commentary on each child's skills and abilities in relation to the three key characteristics of effective learning. This informs the dialogue between Reception and Year 1 teachers about each child's stage of development and learning needs and assists with the planning of activities in Year 1.
