Dear Parents/Carers

The weather has been a bit miserable this week and we have all been inside quite a lot but hopefully things will improve for next week.

The children are all settled in and are really getting involved with their new topics. Year 6 launched their Amazing America's topic last week with a cooking and art day. They had a lot of fun and produced some lovely art based on Beatriz Mulhazes. There were some very sticky and delicious looking truffles too! I think some classes will be launching their topics next week so look out for the event in your child's class.

Children have also started to bring in Power Projects relating to their topics and it is really great to encourage your child to engage with these. On the subject of home learning, we have renewed our subscription for Doodle and it is great to see so many children on it this week. Uptake is still not as quite high as we would like though and I would love to see even more children using the Apps. Please contact your child's class teacher if you have lost the log-in details.

Whatever your plans this weekend, I hope that you enjoy them.

With best wishes

Kate Saunders

God of light, you sent the Spirit down upon your Son so that others might know who he was. Send your Spirit on us, so that we might spread your message of love and peace to others.

Amen.

In the Doodle Green Zone this term.

Remember you get 5 Dojo Points for every area that you are green in. 20 Dojo points if you have used all 4 APPS and a certificate 😊

Dear Parents,

We are introducing a program to all year groups at school after the half term holiday. It is called myHappyMind. myHappyMind is all based around helping children to understand how their brain works and to support them in developing positive skills and habits to be their very best selves!

myHappyMind is delivered in schools by class teachers through a series of interactive lessons and then the children apply these learnings throughout the day. To further embed this learning and ensure that you are able to engage in these topics with your child, myHappyMind has developed a set of resources for parents. These resources can be accessed online on your computer, or through an app on your phone. The resources allow children to continue to practise some of the habits they have developed at school, such as happy breathing, for you to learn more about what they are learning in the program. Also included are activities for you to do together at home, to complement the in-school lessons.

To access these materials just go to <https://myhappyMind.org/parent-resources> and enter your name, email, and authentication code. Your authentication code is 126481.

We really encourage you to make use of this free content so that you can support your child in getting the best out of the curriculum. If you have any questions about the curriculum, please contact your class teacher.

If you have any technical questions about accessing the resources, please contact [hello@myHappyMind.org](mailto:hello@myHappyMind.org)

Many thanks,

Kate Saunders
